

Dear Lord Jesus,

Please **help Dad (and Mom)** keep their job(s) during this difficult time. Help our family trust Your Word and believe Your promise “that You will not leave us nor forsake us,” and that You will be with us always! Help us be careful with what we have, so we won’t ask our parents for things we don’t really need. Help us grow closer to one another, and closer to You, as we look to You for strength. Keep us in good health during this difficult time, and help us be thankful for everything that comes from You. Give us patience as we pray each day, looking forward to that happy time when more work comes and we all do better. Please help us, Jesus. Amen.
